# Fundamentals of Galileo<sup>®</sup> Curriculum

including *Storyteller*  
Online-Learning Collection  
C101

## DESIGNED FOR

- All staff using Galileo technology including teachers, administrators, and/or support staff.
- Galileo Trainers, Lead Staff, and Galileo Coordinators.

## TUTORIAL OBJECTIVES

- Use Galileo standards-based curriculum to support the alignment of your curriculum to federal and/or state standards.
- Learn how to link developmental assessment to planning.
- Access Galileo's extensive libraries of activities and lesson plans.
- Use Galileo to create your own activities and lesson plans.
- Create individualized learning plans for children.
- Learn how to use the Storyteller computer-assisted instruction and ready-to-use classroom activities focusing on Language and Literacy.

## BENEFITS

- Empowers teachers to meet today's accountability challenges by providing developmentally appropriate goal-driven learning opportunities for children.
- Demonstrates how teachers and curriculum coordinators can quickly and easily share activities and lesson plans program wide.
- Focuses on implementing Galileo's standards-based curriculum and adding your own online curriculum.
- Familiarizes users with a variety of curriculum tools such as Curriculum MAPS, interest areas, and Storyteller.
- Includes curriculum content that teachers may use immediately in their classrooms.

## TRAINING DELIVERY

- **On-Site:** Two day training delivered at your location for a minimum of 20 registered participants. \$289 per person. *(On-Site training dates booked on a first come, first served basis.
