

Easy-to-Use, Intuitive Menu Bar and Teacher Dashboard

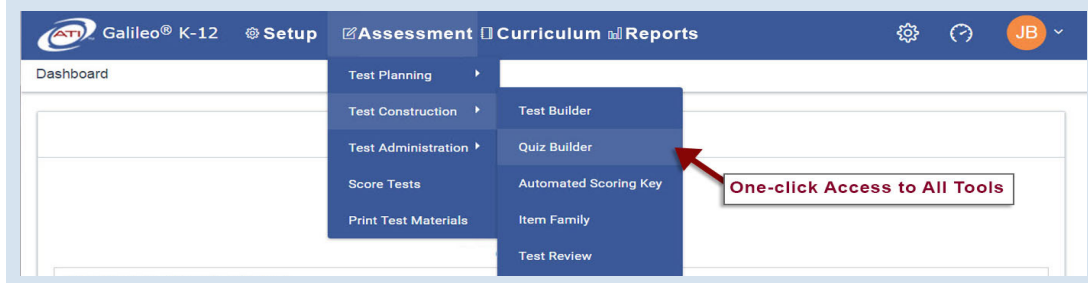

Fresh Look and Enhanced Functionality for Galileo's Powerful Tools

Galileo® K-12 technology features new interfaces including a streamlined **menu bar** and an easy-to-use **Teacher Dashboard**. These latest ATI enhancements feature fresh and intuitive interfaces designed specifically with teacher use in mind. It is now easier than ever to build and administer curriculum materials and assessments as well as to access data which can inform next instructional steps to promote learning.

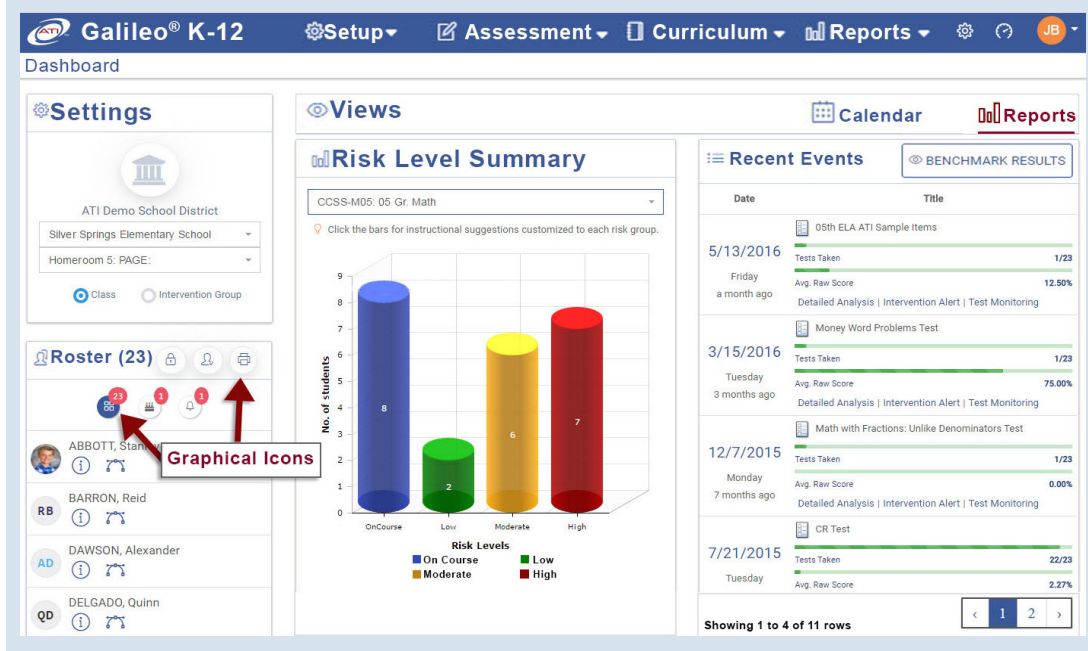

Dashboard Designed Especially for Teachers:

- **Accessible:** one-click access to tools and student information including class roster, student passwords, and *Assessment History Reports*, plus new birthday alerts
- **Customizable:** personalized interface includes district logo and student photos/initials
- **Convenient Calendar:** single location displays all scheduled curriculum materials and assessments, and provides quick links to builder tools
- **Smart:** auto-populated reports and drop-downs present all classroom data
- **Efficient:** instructional recommendations and linked materials support immediate planning of differentiated instruction and personalized learning based on assessment results
- **Integrated:** curriculum and assessment tools/content all appear in one location including access to *Digital Curriculum Platform* features
